

Abacus Trainer 2 ~ (MultiDigit_Ans12)

01. $956 \times 18 = \underline{17208}$

02. $414 \times 47 = \underline{19458}$

03. $208 \times 38 = \underline{7904}$

04. $730 \times 26 = \underline{18980}$

05. $435 \times 23 = \underline{10005}$

06. $694 \times 59 = \underline{40946}$

07. $330 \times 62 = \underline{20460}$

08. $996 \times 88 = \underline{87648}$

09. $741 \times 49 = \underline{36309}$

10. $714 \times 72 = \underline{51408}$

11. $633 \times 17 = \underline{10761}$

12. $759 \times 17 = \underline{12903}$

13. $661 \times 36 = \underline{23796}$

14. $235 \times 14 = \underline{3290}$

15. $613 \times 93 = \underline{57009}$

16. $411 \times 87 = \underline{35757}$

17. $642 \times 89 = \underline{57138}$

18. $448 \times 22 = \underline{9856}$

19. $226 \times 35 = \underline{7910}$

20. $675 \times 99 = \underline{66825}$

21. $730 \times 33 = \underline{24090}$

22. $625 \times 15 = \underline{9375}$

23. $438 \times 64 = \underline{28032}$

24. $547 \times 19 = \underline{10393}$

25. $858 \times 18 = \underline{15444}$

26. $982 \times 46 = \underline{45172}$

27. $478 \times 32 = \underline{15296}$

28. $685 \times 49 = \underline{33565}$

29. $551 \times 23 = \underline{12673}$

30. $412 \times 80 = \underline{32960}$
