

Abacus Trainer 2 ~ (Transposed_Ans83)

01. $784 - 487 = \underline{297}$

02. $354 + 453 = \underline{807}$

03. $813 - 318 = \underline{495}$

04. $182 + 281 = \underline{463}$

05. $924 - 429 = \underline{495}$

06. $374 + 473 = \underline{847}$

07. $984 - 489 = \underline{495}$

08. $754 + 457 = \underline{1211}$

09. $461 - 164 = \underline{297}$

10. $681 + 186 = \underline{867}$

11. $391 - 193 = \underline{198}$

12. $348 + 843 = \underline{1191}$

13. $742 - 247 = \underline{495}$

14. $463 + 364 = \underline{827}$

15. $683 - 386 = \underline{297}$

16. $592 + 295 = \underline{887}$

17. $281 - 182 = \underline{99}$

18. $863 + 368 = \underline{1231}$

19. $542 - 245 = \underline{297}$

20. $312 + 213 = \underline{525}$

21. $958 - 859 = \underline{99}$

22. $136 + 631 = \underline{767}$

23. $693 - 396 = \underline{297}$

24. $467 + 764 = \underline{1231}$

25. $756 - 657 = \underline{99}$

26. $973 + 379 = \underline{1352}$

27. $231 - 132 = \underline{99}$

28. $927 + 729 = \underline{1656}$

29. $891 - 198 = \underline{693}$

30. $284 + 482 = \underline{766}$
